TITLE:

Designer

JOB LOCATION:

Commerce, CA

COMPANY:

Ceilings Plus is a rapidly expanding manufacturer of architectural products and an established market leader of specialty ceiling systems. Our continued growth necessitates the addition of a Designer proficient in Rhino 3D and Grasshopper software for our PARTI team located in Commerce near Los Angeles, CA.

PRIMARY JOB GOALS:

We are looking for a Los Angeles-based designer with experience in architectural or product design utilizing parametric tools as a platform. This is a hands-on position which will involve a range of activities from conceptualization to final design realization. Candidate must be a self-starter who is persistent and intellectually curious. They should demonstrate flexibility and creativity within a dynamic environment and able to work independently with a minimum of supervision.

Primary job goals will include:

- Manage several projects at the same time with changing priorities.
- Create initial design concepts in consult with client architectural teams.
- Produce presentation graphics which effectively communicate design intent.
- Convert accepted design concepts into digital form for final manufacturing.

QUALIFICATIONS:

To perform this job successfully, an individual must be able to perform each primary goal satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required.

- 3+ years of experience with digital modeling for architecture or manufacturing.
- 1+ years of experience with design based on parametric approaches, preferably utilizing a Rhino / Grasshopper workflow.
- Understanding of the manufacturing process and the implications of design for manufacturing.
- Knowledge of various presentation platforms including, but not limited to, Adobe CC.
- Must be creative, collaborative, and self-motivated to achieve results.
- Should have strong general computer skills, with knowledge of Microsoft Office Suite of tools.

EDUCATION:

BS in Architecture, Product Design, or Engineering preferred.

EXPERIENCE:

1+ years of industry experience or 3+ years of academic experience. A combination of both will be considered.

COMPENSATION:

Ceilings Plus provides a highly competitive compensation package that includes salaried compensation commensurate with experience and skills, along with a comprehensive benefits package that includes 401K.

APPLICATIONS:

Candidates can forward their resumes to michaelriggin@ceilingplus.com
